“ We were hard-pressed for time and very anxious at the prospect of losing our property. ASC’s warm, thoughtful style was enormously reassuring. They pursued potential lenders with real urgency, and, within 72 hours, were able to reassure us that we could get the money we needed. Our experience of financial services over recent months has been far from positive. ASC stand out from the crowd for all the best reasons. *J.M* ”

Guest house gets the go-ahead

Finding finance for a guesthouse is no mean feat, but ASC are always professional, and most of all, determined.

Our client saw an opportunity to buy out his partner to take complete ownership of an 8 bed guest house in Kent. The existing lender to the business, one of the main high street banks, had declined to assist even though the business was profitable and all payments had been made on time – the bank quoted difficulties in the leisure sector and concerns that profitability would suffer without one of the partners.

David Milham, ASC's Regional Director for Kent set about refinancing the guest house for £300,000.

The manager of the bank prepared to lend on the guest house and offered to increase lending using the additional security of an investment property. Both deals were completed within a matter of months. According to David "if anything could go wrong it did but we got there in the end." Our client is now able to concentrate on running his successful Guest house.
